Enrolled?

Welcome from the Office of Student Transitions!

Have you already decided that TCNJ is the right fit for you? If you are joining us for the Fall 2019 semester, read below for more information! The transition for our newest Lions has several components that begin in May and carry through into your first semester at the college.

Phase I:

Onboarding and Preregistration • April–June

April

Make sure to stop by our session, "The Next Chapter: Transition 101 for Transfer Students" at Accepted Students Day, **Saturday, April 6** for more details on what comes next!

May

Your transition packet will be mailed to you at the end of the first week in May, after the National Deposit Deadline, **Wednesday, May 1**, has passed and the new TCNJ transfer class is finalized! Also keep an eye out for the start of *Transition Times*, a bi-weekly e-newsletter that will help you stay on schedule all summer long.

Phase II:

Preregistration and Orientation • June

Preregistration for your fall semester classes takes place throughout the month and culminates with Transfer Orientation on **Tuesday, June 25, 2019**. This one day program (held on campus) will allow you to finalize and validate your schedule and meet faculty, staff, and other incoming transfer students in your academic school.

Phase III:

Welcome Week • August 22–25, 2019

Four days. 100+ mandatory and optional sessions and activities. Welcome Week is the true immersion experience for transitioning all of our newest Lions to the campus community. Mark your calendar now for move-in, **Thursday, August 22** (if applicable) and the first day of class **Tuesday, August 27**!

Phase IV:

First Semester Programs
September–October

Recognizing that the transition doesn't magically end with the first day of class, two initiatives will take place during the fall semester. The first is that all new students will be preregistered and required to complete a 099 course through their academic department or school. The second is our newly revamped Lions Six program, where students attend workshops and campus events to earn points for potential prizes!
