Pre Welcome Week Programs

"As a first-year student, it is very overwhelming to enter a stage of independence in which no young adult is truly prepared for. Operation Justice & Equity allowed me to have the tools, such as special connections with student facilitators/faculty and early exclusive access to the campus, which made this transition much easier. To add the cherry on top, OJE gave me the skills to become an advocate for myself and others, which I realized to be very crucial in college settings. The community I built and skills I strengthened because of this program are priceless and I would do anything to go through it again."

Quote Corner

"For what it's worth: it's never too late or, in my case, too early to be whoever you want to be. There's no time limit, stop whenever you want. You can change or stay the same, there are no rules to this thing. We can make the best or the worst of it. I hope you make the best of it. And I hope you see things that startle you. I hope you feel things you never felt before. I hope you meet people with a different point of view. I hope you live a life you're proud of. If you find that you're not, I hope you have the courage to start all over again."
